MANCHESTER CONCLUSION

(to the tune of "Winchester Cathedral")

Manchester Conclusion,
You've made me so sure now,
I knew Oswald killed him
For this he did vow!

Joe made liquored money,
Which gave Jack his start,
This "money come easy"
Broke broke Harvey's heart!

I knew he was crazy to be jealous so; He stood at the windows to avenge all that ill-gotten dough!

It He made no admission
To help the Commission.
But what does that matter ?
It's just one more omission!

It was 9 p.m. when Lee blew his coop; he carried a package that hid his death-dealing tool!

He's called Lone Assassin.
But he rides again now.
To prove rifle fitness,
He bumps off a witness!
